

## BURLINGTON VILLAGE CENTER PLAN OF DEVELOPMENT

# OPEN HOUSE

Wednesday, April 30, 2014

7:00 – 9:00 PM

Burlington Town Hall

Residents, business and property owners, and developers are invited to view and comment on planning concepts, including site plans, design renderings, pedestrian access, traffic controls, and more.

Proposed elements to create a “Main Street” destination along Library Lane include expanded public gathering and recreation spaces such as the Burlington Town Library, Village Center Green, athletic fields and an amphitheater, as well as new, multi-level buildings of classic New England design that contain shopping, dining and housing options.
